Legal/rural address: _____

REQUEST FOR INFORMATION: VACANT PROPERTY

The Assessment & Taxation department is urged by the Government of Alberta to inspect all properties within Lac Ste. Anne County once every five years, to make sure that the information on file is correct. The information collected from our inspection is then used to establish the assessed value for your property.

The Assessor was at your property recently and concluded that the house on your property may be vacant. The Assessment & Taxation department is required to assess three acres of your property at market value when there is a farm residence on that property. However, vacant residences may be considered a farm building which would make the building exempt from taxation. This would also remove the three acre market site, as the department would not consider the house a residence. This means that qualifying houses could receive a reduction in taxes.

Please take the time to complete this questionnaire to help us determine if the house on this property can be considered a farm building. If you have any questions, please contact the Assessment & Taxation department.
