

FOR OFFICE USE ONLY

Day (m/d/y): _____ Last name of Applicant: _____

PRIVATE RESIDENTIAL DUST SUPPRESSANT

Lac Ste. Anne County will continue with the Dust Suppressant Program at a cost recovery price. There are two choices available, please refer to page 2 for your options. The lifespan of dust suppressant depends on traffic type and volume, alignment, moisture, soil type and maintenance.

The effectiveness of applied dust suppressant is not guaranteed by the County because there is no way to predict its lifespan. Dust suppression is applied once all frost has dissipated from the road. Dissipation typically occurs in and around the end of June each year. Please note that residents will experience dust until treatment has been applied.
