**Purpose:** The purpose of this Policy is to create provisions for cutting grass on road allowances and municipal reserves within multi-parcel subdivisions and hamlets, excepting those subdivision and community associations enrolled in the Community Beautification & Enhancement Grant program offered by Lac Ste. Anne County.

### Guidelines:

1. County Council approves up to two (2) cuttings per year, weather permitting, on road allowances and municipal reserves within multi-parcel subdivisions and hamlets.
2. The first cut shall be from the shoulder of the road into the road allowance for a distance of ten (10) feet, the second cut shall be the full right-of-way.
3. The work will only be conducted on road allowances and municipal reserves or portions thereof that are suitable for grass cutting (treed road allowances and municipal reserves will not receive grass cutting).
4. County Council may authorize tendering of grass cutting to private contractors at their own discretion.
